Trip days Sept-June
Thursdays 10:00am-11:30am
Or 12:30pm-2:00pm
Trip days July & August
Wednesdays 1:00pm-2:30pm

The Hamilton Gymnastic Academy is a permanently set up dedicated year round Gymnastics Facility. This 14,000 square foot facility is a completely outfitted gym with a 48' x 48' Olympic sized spring floor, two large inground pits, two in ground trampolines. Our 50 foot long tumbling trampoline is called a tumble track. It is a great training device for learning tumbling. The Academy takes every possible safety precaution to reduce the possibility of injury. We have a lot of safety features; safety always comes first. Many clubs don't have anywhere near the number of mats that we have. We provide large landing mats under all of the equipment, so when children do fall they land on a soft surface. Our dedication to safety and our large numbers of mats make the HGA one of Canada's safest Facilities.
